Thanks Pam. I'll make a few edits to your version of the PECO statement and circulate to you and Sharon for final review.

Geniece/Joanne - we'll send you the revised PECO by COB Friday (9/1).

Thanks,

Pradeep

Hi Joanne:

We all spoke on the phone about this last week – I sent my input to Sharon and Pradeep to consider in the context of the combined human/animal PECO statement. Pradeep was planning to modify a few things, and then send the document to you and Geniece.

Attached is the latest version I have with my input.

Pam

Hi All,

I hope this message finds you well. I am writing to ask when you may be returning the revised PECO statements for the neurological outcomes as we have past the original deadlines outlined in the message from Geniece below. I know that Sharon and Pradeep are close for the human outcomes. Pam could you provide a date when you will finish the animal outcomes?

Thanks,  
Joanne
